CCSPG College Heonra, Saifai, Etawah established in 1983, is affiliated to CSJM University Kanpur. College is situated near Saifai (2 Km distance) on Etawah Mainpuri highway, 17 km. to the east of Etawah Road.

About the Seminar :

We are in the second decade of an extra-ordinary eventful twenty first century. The world has seen spectacular political, social, economic and scientific progress during this period. But this progress has been monopolized by the chosen few at the unbelievably and indescribably large cost of the majority of mankind. The most disconcerting manifestation of this lop sided progress has been our planet's ravaged ecology. A good environmental sense has been one of the fundamental features of India's ancient philosophy, During the last few decades global circumstances have forced our country into a situation where it is becoming increasingly difficult to practice a normal life style.

Major environmental concerns of present day world are air pollution resulting mainly from industrial development and automobiles exhausts, water pollution from industrial and domestic effluents, severe crisis of healthy potable water, noise pollution, soil erosion, deforestation, loss of wild life (flora and fauna), dirty and polluted landscape all resulting from growing population. There are several issues like global warming, depletion of ozone layer, acid rain, e-waste and medical waste disposal and their impact on the quality of environment.

In the present scenario regarding changing climatic conditions and various alarming environmental issues as pollution of air, water and soil and their impact on planet. Attention is required on various environmental issues and develop strategies to overcome the above said issues. The seminar will focus central theme of Environment : Issues and Strategies, with the following sub themes.

Sub Themes :

- 1- Value aspects of Environmental Pollution.
- 2- Environmental stress and their response in Eco system.
- 3- Environment and sustainable development.
- 4- Climate change and health : In world and Indian scenario.
- 5- Global warming, climate change and natural resource management.
- 6- Role of social forestry in bio diversity.

- 7- Environmental pollution and its effect on ozone layer.
- 8- Soil contamination and its effect on environment.
- 9- Green Technology : Towards a better tomorrow.
- 10- e-waste and its management.

Call for Papers

We welcome original papers (research and impact based) from teachers of various disciplines, teacher educators, researchers, educational administrators on any aspect of environmental awareness with an emphasis on society and our life.
